SUMMARY

I am a Software Engineer with experience in building web applications using React, WordPress, PHP, Laravel, and SQL. I develop responsive interfaces and support backend systems. I write clean code, work well in teams, and focus on solving real-world problems while continuously improving my skills.

TECHNICAL SKILLS

Languages: JavaScript, TypeScript, SQL, C++, Java

Frameworks & Libraries: React, Tailwind CSS, Bootstrap, Material UI

Backend & Technologies: PHP, Node JS, Express JS, Laravel, REST APIs

Databases: SQL, Mongo DB

Tools & Platforms: Git, GitHub, Redux Toolkit (RTK) WordPress

Concepts: Responsive Design, Component-Based Architecture, API Integration, State Management

EXPERIENCE

Software Engineer

July 2025 – Present

SingSys Software Services Pvt. Ltd

Onsite

- Developed and maintained responsive web applications using React, WordPress, PHP, and Laravel, ensuring performance and scalability.
- Built and integrated backend systems using Laravel with SQL databases for efficient data management and API handling.
- Collaborated with cross-functional teams to deliver maintainable and cross-browser compatible user interfaces.

PROJECTS

AI-Powered Job Preparation Platform | *React, Node.js, JWT, Gemini AI, Puppeteer*

- Developed a production-ready full-stack web application enabling users to upload resumes, analyze job descriptions, and prepare for interviews using AI.
- Implemented secure authentication using JWT and built scalable backend APIs with Node.js for resume processing and data handling.
- Integrated Gemini AI to generate interview questions, detect skill gaps, and create ATS-optimized resumes, enhancing job readiness.
- Utilized Puppeteer for automated resume parsing and data extraction to streamline user workflows.

Full-Stack E-Commerce Platform | *React, Tailwind CSS, PHP, Laravel, MongoDB*

- Built a complete full-stack e-commerce application with modern UI using React and Tailwind CSS for a seamless shopping experience.
- Developed backend services using PHP and Laravel, including authentication, product management, and order processing.
- Created an admin panel with analytics dashboard to manage users, inventory, and track sales and user activity.

EDUCATION

Shri Ramswaroop Memorial University

Lucknow, India

B.Tech in Computer Science and Engineering

2021 – 2025

Rani Laxmi Bai Memorial School

Lucknow, India

Intermediate and High School

2017 – 2020

CERTIFICATIONS

Data Science & Artificial Intelligence - IBM

Issued April 2025
